Personal Profile

I am an Applied Bachelor of Instrumentation Engineering from Polytechnic of Energy and Mineral Akamigas (PEM Akamigas Cepu) with GPA 3.52 (Cumlaude). I have professional lisence (certification) as an Instrumentation Technician and HSE Operator from LSP PPSDM Migas. Having internship experienced in Oil and Gas company such as Energy Equity Epic Sengkang Pty. Ltd (2020), PT Kilang Pertamina Internasional RU VI Balongan (2018) and PPSDM Migas (2018). Fast learner, focus and highly motivated to develop my knowledge. I'm a Copyright Holder from KEMENKUMHAM RI (2021) and Awardee Scholarship from KESDM RI (2017 – 2021). Able to work as a team, passionate to working in any sector industries such as oil & gas, mining, manufacturing, etc.

Education Background

Polytechnic of Energy and Mineral AKAMIGAS Cepu, Central Java (2017 – 2021)

Instrumentation Engineering (Instrument and Electronic) | GPA: 3.52 (Cumlaude)

- Able to drawing and reading Piping and Diagram (P&ID), Process Flow Diagram (PFD), Loop Drawing.
- Able to checking and calibrating Instrument Field Devices including Sensor, Transmitter and Control Valve.
- Strong concept in Basic Process Control System (BPCS) and Metering System.
- Skilled using Engineering software for simulation process and control.

Working Experiences

PT Batam Cyclect (Batam, Riau Island)

Electrician (Contract : Agustus – September 2021)

- Inspection of Instrument and Electrical Equipment on Shipyard
- Do insulation test / megger test on motor
- Cleaning and checking control panel on Shipyard
- Build a control panel for motor 3 phase

Energy Equity Epic Sengkang Pty. Ltd (Wajo, South Sulawesi)

Junior Instrument Engineer (Internship: January – February 2020)

- Calibration of Instrument Field Devices (Sensor, Transmitter, etc)
- Calibration of Level. Temperature and Pressure Switch.
- Checking and adjustment process Indicator (Temperature Indicator and Pressure Gauge)
- Making Planning Schedule for Preventive Maintenance (Weekly) and progress report of work (daily)
- Calculation of Orifice Performance based AGA 3 International Standard
- Performance analysis of PID Control on Reflux Drum in Amine Regeneration Unit based Internal Model Control (IMC)

PT Kilang Pertamina Internasional RU VI Balongan (Indramayu, West Java)

Junior Instrument Engineer (Internship: March 2018)

- Learning of Working Principles of Instrument Field Devices (Sensor, Transmitter, etc)
- Learning of P&ID, PFD in Utility Area
- Learning of working principles of Boiler, Deaerator, and Steam Turbine Generator.
- Learning Concepts of BPCS, SIS

PPSDM Minyak dan Gas Bumi (Blora, Central Java)

Junior Instrument Engineer (Internship: November 2018)

- Learning of Working Principles of Instrument Field Devices (Sensor, Transmitter, etc)
- Learning of P&ID, PFD in Crude Distillation Unit (CDU)
- Learning of working principles of Furnace, Evaporator, DCS Centum VP, Safety Valve and Control Valve.

Engineering Skills

- Calibration Instrument Fields
- Piping & Instrumentation Diagram (P&ID) Design
- Reading Loop Drawing and Process Flow Diagram (PFD)
- Design and Tuning Control System
- Performance Analysis of Process Control System
- Aspen HYSYS
- MATLAB Sumulation
- Arduino IDE
- AutoCAD Electrical
- Visio
- Ms. Office (Word, Excel and Powerpoint)
- P&ID Designer

Achievement

- Copyright Holder about CDU Simulator from KEMENKUMHAM RI (2021)
- Awardee Full Scholarship from KESDM RI (2017 2021)
- Winner of Paper Competition (PEM Berimajinasi) (2019)
- Finalist LKTIN Mechanical Engineering Expo (MEE) UNJ (2019)
- TOP 5 SCADA Competition (MRAC) ITS (2018)

Organizational Experience

- Head of R&D Division in Instrument Student Association (HIMAINS) (2020)
- Speaker in Akamigas Menginspirasi (2019)
- Staff of Event Division in Aksioma Ramadan (2018)
- Staff of Social Department in Instrument Student Association (HIMAINS) (2018)
